Kudus of Bush Africa Safaris

Bush Africa Safaris is excited to announce a new and exclusive hunting area.

Spanning over 35 000 acres of mountains and rivers in pristine kudu habitat. This area is probably one of the most promising trophy Kudu areas in Africa today and we can assure you that your quest for a trophy kudu bull could not be offered in a better place.

Do not miss out on being one of the first hunters in this paradise in more than 10 years!

Species on offer: Kudu, Nyala, Klipspringer, Mountain Reedbuck, Bushpig, Zebra, Wildebeest, Sable and buffalo.

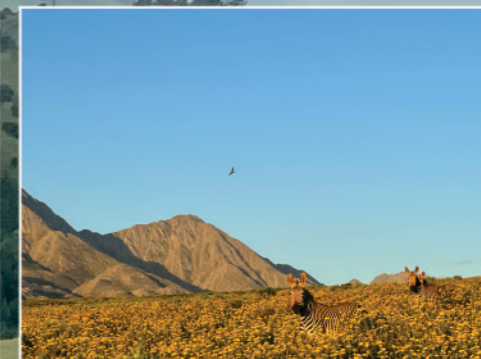

We are also very excited to announce our expansion to the Western Cape with exclusive use of a beautiful 30 000-acre area that will remind you of Europe or New Zealand.

This area has not been harvested in 8 years and the safari traveler can expect fantastic trophies, with unique hunting style, different from the ordinary South African Safaris.

This trip will be ideal for couples, families and the discerning hunter that is pursuing something new, specific or unique. The overall experience a complete adventure.

Species on offer: Cape Eland, Bushbuck, Bushpig, Waterbuck (exceptional trophies), Nyala, Red Lechwe, Vaal Rhebuck, Fallow Deer, Cape Grysbuck (permit required), Springbuck, Baboon, Zebra, Blue Wildebeest. Blue Duiker and Oribi can also be arranged as permits are required.

A hunt in this area can be combined with olive, port and wine tasting in the area, a trip down the picturesque Garden Route, a Cape Winelands tour ending in Cape Town.
